Tumbak Bayuh

Villa Shahzadi, a hidden luxury villa nestled at the very end of a private, winding residential road in Tumbak Bayuh Bali. Far removed from the chaos of city life. This secluded estate is the epitome of opulence and exclusivity, offering the perfect balance of peace, security, and stunning natural beauty. Every detail is designed to enhance the feeling of escape and serenity. Built on 10are of land, this is a huge property. The building occupies 966 sqm. A 6-bedroom villa + tv room, with a dining area, and 2 swimming pools. The villa also features a BBQ and outdoor sofa area, a massage room and a master bedroom with its own private pool. The waterfalling plunge pool is a stunning focal point of the property. Illuminated with discreet, warm lighting that creates an enchanting glow after sunset, making the pool area the perfect spot for evening relaxation or entertaining guests. The sound of the falling water enhances the villa's peaceful atmosphere.

ENTRANCE | The double-height entrance creates a sense of openness and luxury, establishing a welcoming yet awe-inspiring tone for the rest of the villa. The combination of expansive space, natural light, and tropical hanging lamps and antique sculptures, sets the stage for a home that is both refined and modern, with a sense of artistry in every detail. It's a space designed not just to be admired but to evoke a feeling of elevated living and timeless beauty. White, beige color from limestone wall, and wooden textured floor, dominated the ambiance of this villa.

Continue walking in through the entrance, immediately led us into the heart of the villa, the open living and dining area. This seamless flow from the entrance to the living space creates a sense of continuity and airiness, where the boundary between the two areas feels almost nonexistent.

MAIN GARDEN | The villa's main garden is an expansive outdoor sanctuary, featuring lush green lawns, a serene swimming pool, and an elegant palimanan pool deck. All carefully designed to offer an unparalleled experience of luxury and tranquility. Every corner of this garden feels like an invitation to relax and embrace the beauty of nature, while the sleek lines of the villa's architecture provide a stunning backdrop. Towering palms take center stage in the main garden. The green grass in the villa garden is not just a landscape element—it's the very foundation of the outdoor sanctuary. It plays a central role in creating an atmosphere of relaxation. Main garden connected directly into the swimming pool.

POOL | Step into the villa, the first thing that captures our attention is the seamless integration of water elements throughout the space. Swimming pool begin from the entrance, go all over the house until the first floor and falling down back into the main swimming pool. The architect designed an organic flow of a swimming pool which has 25 meters long for the main swimming pool itself. The design allows one side of the pool to have no visible edge. creating the illusion that the water overflows into the view.

As the sun begins its descent toward the horizon, the sunbeds and umbrellas positioned by the swimming pool transform into the perfect sanctuary for watching the sunset in all its glory. This carefully curated outdoor space, designed for both relaxation and beauty, becomes a tranquil retreat where you can unwind and embrace the peaceful transition from day to night.

LIVING AREA | The living room area is designed with open sides allowing the space to naturally extend into the outdoors. The centerpiece of the space is the seating area, sofa with a U shape with two wooden coffee tables. Behind the sofa, an industrial-style shelving unit adds a bold, urban contrast to the otherwise natural design of living room. On the shelves, carefully placed artworks and vintage decor items like glass bottles, sculptural pieces, or decorative trays. These objects break up the metal and wood, adding life and character to the industrial shelving and enhancing the warm, inviting feel of the space.

With no barriers between the interior and exterior, the living room opens up to lush greenery and view of the pool, During the day, the living room benefits from abundant natural light, flooding in from all sides. The open design allows sunlight to fill the space, creating a
